

Letter of recommendation  
Petersburg Transit Telecom

To the Director General of GMCS

Voropaeva E.N.

In response to your query we confirm the following information:

In October 2005 at Petersburg Transit Telecom a project was started for the implementation of the Microsoft Dynamics AX system. Works on the project were carried out by GMCS.

The time of the project up to launch into pilot operation amounted to 4 months. The project implementation volume involved – bookkeeping and tax accounting, corporate reporting, actual budget execution, treasury, transfer to GAP standards, integration with billing, BOSS\_Kadrovik and Bank-Client systems.

As of April 2006, the system has been launched into industrial operation and to this day is in technical maintenance. Services of technical maintenance are provided by GMCS.

Director General , PTT

Kuchko A.Yu.
